

# ACE TONE

# is! in!

The Ace Tone Top-5 fully transistorized electronic organ makes action happen—either alone or with a group. Plug into any amplifier and it puts out the grooviest rock, blues and pop sounds around!

A rocking performer at a rock bottom price, the Ace Tone Top-5 at \$385 (B) is really irresistible. Guaranteed to out-look, out-play, and out-swing other organs selling up to \$500, and that's a \$100 plus saving that makes real sense. The Ace Tone Top-5 is as easy on the back as the pocket-book. At only 44 lbs., it's really portable.
