

# Now...the most enjoyable do-it-yourself project of your life—a Schober Electronic Organ!

You'll never reap greater reward, more fun and proud accomplishment, more benefit for the whole family, than by assembling your own Schober Electronic Organ.

You need no knowledge of electronics, woodwork or music. Schober's complete kits and crystal-clear instructions show you — whoever you are, whatever your skill (or lack of it) — how to turn the hundreds of quality parts into one of the world's most beautiful, most musical organs, worth up to twice the cost of the kit.

Five superb models with kit prices from \$575 to around \$2,300, each an authentic musical instrument actually superior to most you see in stores, easy for any musically minded adult to learn to play, yet completely satisfying for the accomplished professional. And there are accessories you can add any time after your organ is finished — lifelike big auditorium reverberation, automatic rhythm, presets, chimes, and more.

Join the thousands of Schober Organ builder-owners who live in every state of the Union. Often starting without technical or music skills, they have the time of their lives — first assembling, then learning to play the modern King of Instruments through our superlative instructions and playing courses.
